When TMA/Chemnet touts its' familiar byline, **"We're soapers... We understand"**, it's more than a slogan. That's because TMA was founded by and is today operated by folks who came from the business you're in. That means you get more than a chemical supplier. You get a partner who understands you need your orders processed quickly, accurately and shipped on time. It means you get products with enough performance in reserve to cover shortcomings with your customers' equipment or his operators' lack of attention. It means that you'll have a dedicated contact who knows how to do that tough install, or to help you resolve a bad results issue, or maybe even offer a fresh idea to help get that past due invoice collected. All those are what you need and that's what you get with TMA/Chemnet .

Whether it's the Machine Warewashing, Kitchen Sanitation, Housekeeping, or Laundry, TMA/Chemnet is the answer to receiving products that consistently perform, the service you need and the serious assistance you want to grow your chemical business.

## Sanitize. Disinfect. Protect.

Our kitchen cleaning products clean, sanitize, and disinfect restaurants, hospitals, schools, food processing areas, and institutional kitchens. We protect health and safety of customer, guests, and employees—so you can protect your investment. *Worry-free.*

# Manual Pot & Pan Detergents – Liquids

## **Blue Suds / Blue Pot & Pan Manual Detergent**

**108512**

6/1 QT, 2/1 G, 4/1 G, 1/5 G

Economical, workhorse manual detergent that removed grease and soils from pots, dishes, tableware and kitchen utensils.

## **Premium / Heavy Duty Green Pot & Pan Detergent**

**108515**

4/1 G, 1/5 G, 30 G

A heavy duty, green detergent for the manual washing of pots, pans, glasses, dishes and utensils.

## **Pink Pot & Pan Detergent**

**108511**

2/1 G, 4/1 G, 1/5 G

An economical, floral scented, pink detergent which removes soils from pots and pans, glasses, utensils and dishes.

## **Lemon Fresh / Premium Pot & Pan Detergent**

**10852**

4/1 G, 1/5 G

A premium, concentrated liquid detergent formulated for the manual washing of pots and pans, glasses, utensils and dishes.

## **Soft Pink / Lotionized Pot & Pan Detergent**

**10851**

4/1 G, 1/5 G

A premium lemon scented, pink detergent which removes soils from pots and pans, glasses, utensils and dishes.

## **Day Break / Premium Pot & Pan Detergent**

**108527**

4/1 G, 1/5 G

A premium concentrated liquid detergent for the manual washing of pots and pans, glasses, utensils and dishes.

# Mechanical Dishmachine Detergents – Powders

## **Turbo-Wash / Low Foaming Pot & Pan Detergent**

**108202**

1/5 G

A low-foaming detergent used in turbo-sinks to remove heavy grease and soils from pots, pans, utensils and baking sheets.

# Grill & Oven Cleaners – Liquids

## High Temp Grill & Oven Cleaner

108643

6/1 QT

A ready-to-use high temperature grill and oven cleaner that combines surfactants and builders to release soils from all cooking surfaces. No need to turn the grill down to clean, reducing cleaning time.

## Clinging G&O Cleaner / Viscous Oven Cleaner

108644

6/1 QT

Gel formula that clings to vertical surfaces while removing baked on grease from ovens, grills, hoods, fryers and stainless vents. Outstanding performance with a pleasing fragrance.

## Grill & Oven Cleaner

1086452

6/1 QT, 4/1 G

A ready-to use highly alkaline concentrate designed for cleaning burned on carbon grease and protein from ovens and grills. Fast-action on heated surfaces reduces cleaning time. Safe on iron grills, chrome and stainless surfaces

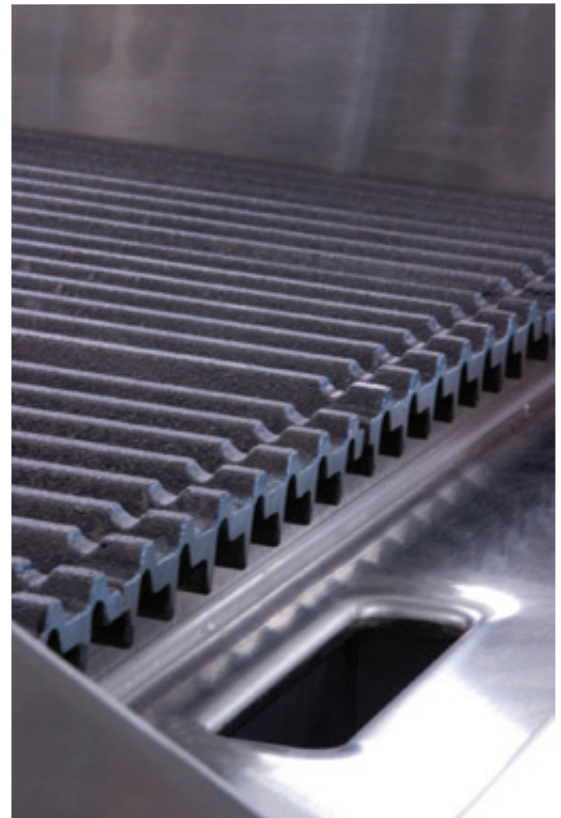

## Xtra-Power Degreaser

1086451

6/1 QT, 4/1 G

This premium, Ready to use degreaser removes heavy grease deposits from iron grills, ovens, hoods, vents and flooring. Fast-action on heated surfaces reduces cleaning time. Effectively penetrates heavy grease for quick removal

# General Purpose Cleaners – Liquids

## Pine Oil Cleaner

108545

4/1 G

An economical and versatile all-purpose detergent for general housekeeping cleaning. Strips away odors leaving a clean, pine scent.

## Pro-Gobbler

108558

6/1 QT

Protein stain and odor remover. For use in all drains in kitchens, fountain machines, restrooms, and showers.

## Degreaser / General Purpose Cleaner

108582

4/1 G

Outstanding kitchen degreaser and general purpose cleaner. This clean and fresh scented cleaner is excellent at removing grease and soils from walls, floors and non-aluminum surfaces

## R-T-U All Purpose Cleaner / APC With Bleach

1084571

6/1 QT w / 2 trigger sprayers

This bleach formula cuts through grease and grime to clean tile surfaces and shower stall without streaking.

## Xtra-Power Degreaser

1086451

6/1 QT, 4/1 G

This premium, Ready to use degreaser removes heavy grease deposits from iron grills, ovens, hoods, vents and flooring. Effectively penetrates heavy grease for quick removal

## R-T-U Citrus APC / All Purpose Cleaner

1084661

6/1 QT w / 2 trigger sprayers

R-T-U, multi-purpose cleaner and degreaser for use in kitchens and housekeeping applications. Handles most cleaning jobs including use as a laundry and carpet prespotter. Easy to use; no mixing required.

## Power Degreaser / Heavy Duty General Purpose Cleaner

10858

4/1 G, 1/5 G

Heavy duty, alkaline cleaner that is excellent for range hoods, exhaust fans, floors and walls.

## R-T-U Glass & Multi-Surface Cleaner

10856

6/1 QT w / 2 trigger sprayers, 4/1 G

An excellent, ready to use, anti-fogging surface cleaner for use on windows, glass doors, mirrors, countertops and vending machines.

### **Purple Beast / Concentrated Butyl Degreaser**

108583

4/1 G

An outstanding kitchen degreaser and general purpose cleaner. Removes grease and soils from walls, floors and non-aluminum surfaces.

### **Concentrated Neutral A-P-C**

10869

4/1 G, 2/1 G, 2.5 G

Neutral pH, no-rinse, concentrated cleaner for general housekeeping and floors. Can be used manually or with a mechanical floor scrubber.

### **Fabu-Clean**

108467

4/1 G

A lavender scented, concentrated all - purpose cleaner ideal for floors, bathrooms and walls. Nontoxic formula leaves no residue with no need to rinse.

# E.P.A. Reg. Sanitizers & Disinfectants – Tablet & Liquids

## Steramine 1-G Tablets

10832

6/150 count.

EPA Registered sanitizing tablet for bar sinks and third sink sanitizing of glassware, dishes and utensils. Pre-measured, easy to use tablet that is non-irritating to hands and non-corrosive to metals.

## R-T-U Quaternary FCS Sanitizer

1085665

6/1 QT w / 2 trigger sprayers.

EPA Registered. Sanitizes food processing equipment, counter tops, chopping blocks, appliances, stoves, tables and food work areas. Effectively sanitizes with 350 ppm active quaternary solution.

## Lo Temp Sanitizer

108475

4/1 G, 1/5 G

EPA registered. 5.25% active chlorine sanitizer for use in low temp dish machines. Provides excellent stain removal on china and plastic tableware.

## Quaternary Sanitizer – (M)

108554

Clear: 4/1 G, 1/5 G

Red: 2/1 G, 4/1 G, 1/5 G, 1/30 G

No-rinse sanitizer for utensils, pots, pans, counters and kitchen equipment. Deodorizes hard surfaces and can also be used as a sanitizer for institutional and commercial laundry. "No-rinse" formula saves time and labor.

## Iodophor Sanitizer

108559

4/1 G

EPA approved, low foaming cleaner/sanitizer for use on glasses, dishes, equipment, walls, floors countertops and storage areas. Leaves NO streaks or spots on glasses or dishes.

## Concentrated Neutral Lemon Scented Disinfectant – J

108695

4/1 G

This EPA approved formula cleans, disinfects and deodorizes in one step. Kills HIV-1 on pre-cleaned environmental surfaces. Inhibits the growth of mold and mildew.

### Completely Fresh

108701 L

6/1 QT

EPA Registered. Completely Fresh is a non-acid, hospital grade ready-to-use disinfectant that can be used on floors, walls, shower stalls, bathtubs and toilets. It is designed for one step cleaning and disinfecting.

### Quat Sanitizer

*Concentrated Quat Sanitizer*

108554 W

4/2 L case

Disinfects and deodorizes hard surfaces, and is a no-rinse sanitizer for food service utensils, pots, pans, counters and all kitchen equipment.

### Laundry Softener Sanitizer (E.P.A. Reg.)

108474

2.5 Gal., 5 Gal., 15 Gal.

E.P.A. registered, residual bacteriostatic and self-sanitizer that reduces the number of odor causing bacteria from wet contamination.

### Complete

*Ready to Use Neutral Disinfectant*

108698 L

6/1 QT case

A Neutral disinfectant that can be used on floors, walls, shower stalls, bathtubs and toilets. It is designed for one step cleaning and disinfecting.

### Lemon Disinfectant

108695 W

4/2 L case

A phosphate-free formulation designed to provide effective cleaning, deodorizing, disinfection where controlling cross-contamination from treated surfaces is especially important.

### FAD

*Foaming Acid Disinfectant*

108700 L

6/1 QT case

An acid based disinfectant with foaming power to cling to vertical surfaces and remove soils and soap scum. Comes with a trigger sprayer in each case.

### 256Worx

*Concentrated Hospital Disinfectant*

108697 W

4/2 L case

Hospital-grade neutral disinfectant that cleans and disinfects floors, walls, sinks, toilets, countertops and all equipment. Economical 1/2 oz. per gallon dilution.

# Kitchen Specialty Products

## **Grease Gobbler / Enzyme Digestant**

108558

4/1 G, 1/5 G

An enzyme formulation whose organisms digest and liquify oils, foods, fats and grease which clog and contaminate grease traps and drain lines. Safe on sinks and drains. Contains no harmful acids, solvents or caustics.

## **Powdered Deep Fat Fryer Cleaner**

108575

2/10 LB, 1/50 LB

A caustic powder, heavy duty cleaner which removes stubborn, carbonized grease deposits from deep fryers. Can also be used to clean and remove baking sheet soils. Not for use on aluminum.

## **Freezer / Cooler Floor Cleaner**

10835

4/1 G

Non-Toxic, low temperature cleaner and defroster for surfaces down to -34F. Removes heavy dirt and grime from freezers and coolers.

# Mechanical Dishmachine Detergents - Liquid

## All Temp Mechanical Dish Detergent

10822

4/1 G, 1/5 G

A heavy duty, chlorinated mechanical dishmachine detergent formulated for recirculating high temperature and low temperature dishmachines. Handles most hard water conditions.

## Mechanical Dish Detergent – CS

108221

4/1 G, 1/5 G

A liquid non-chlorinated caustic soda based mechanical detergent for low-water-use, low and high temperature dish machines.

## Volley / Lo Temp Detergent

10820

1/5 G

A liquid non-chlorinated dish-machine detergent formulated for low water-use and low temperature dishmachines.

## HD LTD

108226

1/5 G

A liquid non-chlorinated mechanical detergent with water conditioners formulated for low temperature dish machines.

## Metalsafe Mechanical Dish Detergent

108615

1/5 G

A liquid non-chlorinated detergent for mechanical pot and pan washer. Safe for aluminum and can be used in all water conditions.

# Mechanical Dishmachine Detergents – Powders

## **Ultra / H.D. Chlorinated Machine Detergent (Hard Water Formula)**

10863

4/8 LB

A heavy-duty, powdered, chlorinated mechanical dishmachine detergent formulated for high temperature dishmachines.

## **Ultra NP / H.D. Chlor. Machine Detergent**

108632

4/8 LB

A heavy duty, powdered, chlorinated mechanical dishmachine detergent formulated for high temperature dishmachines and all water conditions. Contains no phosphorous.

## **Metallsafe Powder Chlorinated Dishmachine Detergent**

10861

2/10 LB

A chlorinated, metallsafe mechanical dishmachine detergent for use in automatic dispensers.

## **Release / Chlorinated Machine Detergent (Soft Water Formula)**

10838

4/8 LB, 1/50 LB

An everyday, powdered, chlorinated mechanical detergent formulated for high temperature dish machines and soft water conditions.

## **Again / Chlorinated Machine Detergent (Soft & Medium Water Formula)**

10830

4/8 LB

A work-horse, powdered, chlorinated mechanical detergent formulated for high temperature dishmachines and soft to medium hard water conditions.

## **Metallsafe Encapsulated Machine Detergent (Chlorinated)**

108635

4/8 LB

A metallsafe, powdered, chlorinated mechanical detergent formulated for high temperature dish machines.

# All Temperature Rinse Aids

## **Pro-Dry / Concentrated Rinse Additive**

108481

4/1 G, 1/5 G

An economical liquid, concentrated rinse aid for use in high temperature or low temperature dishmachines. Provides fast drying and prevents film or spots on tableware.

## **Rinse Free Plus Rinse Additive**

108482

4/1 G, 1/5 G

A premium, high performing rinse aid for use in high temperature or low temperature dishmachines. Fast drying and prevents film or spots on tableware.

## **Super Rinse / All Temp Rinse Aid**

151191

4/1 G, 1/5 G

A liquid concentrated rinse aid for use in high temperature or low temperature dishmachines. Provides fast drying and prevents film or spots on tableware.

# High Temperature Rinse Additives

## Premium Rinse Additive

10848

4/1 G, 1/5 G

A liquid concentrated rinse aid for use in high temperature dishmachines. This no-foam rinse aid is well suited for conveyors and flight machines.

## Spots Free / High Solids Water Rinse Additive

108476

4/1 G, 1/5 G 108219

A premium, acid rinse specifically formulated to prevent spots or film when high, total dissolved solids (T.D.S.) are present in the water. This rinse aid is designed for both high and low temperature dishmachines.

## Premier Rinse Additive

151195

4/1 G, 1/5 G

A concentrated acidic rinse for use in high temperature dish machines. Use when hard water and minerals are present. Shorten drying time.

## Spectacular / High Performance Rinse Additive

108219

4/1 G, 1/5 G

A premium concentrated rinse additive for high temperature dish machines.

# Presoaks & Destainer – Liquids & Powder

## Stainless Plus / Liquid Stainless Presoak

108457

4/1 G

A liquid presoak formulated to remove tough food soils on stainless flatware. Do not use on silver flatware.

## Silver Presoak Powder

10855

2/10 LB, 2/8 LB, 4/8 LB

A powdered presoak formulated to remove tough food soils on silver and stainless flatware and to de-tarnish silverware.

## Flatware Presoak

1084572

4/1 G, 1/5 G

An economical presoak that removes tough food soils from stainless flatware and loosens baked-on food soils from aluminum pots and pans.

## Tableware Destainer

108555

2/10 LB

An oxygen destainer which removes coffee, tea and other food stains from china, plastic, stainless steel, pots and coffee makers.

# Lime Scale Removers – Liquids

## **LSR / Delimer**

108517

4/1 G, 1/55 G

An economical, non-fuming, acid detergent used to remove lime deposits from kitchen equipment and utensils. Ideal for de-scaling dishmachines.

## **LSR / Steam Table Lime Scale Remover**

108516

4/1 G

An economical, non-fuming acid detergent used to remove lime scale. Contains no hydrochloric acid. Ideal for steam tables, steamers and kitchen equipment.

## **LSR / Heavy Duty Delimer**

108519

4/1 G

A premium liquid acid detergent used to remove lime deposits from kitchen equipment and utensils. Ideal for dishmachines, stainless equipment, urns, sinks, pots and pans.

10869

1/2.5 G, 4/1 G

Neutral pH, no-rinse, concentrated cleaner for general housekeeping and floors.

# Specialty Floor Cleaners – Liquids & Powders

## **Fusion / Bioenzymatic Floor Cleaner**

**10834**

4/1 G, 2.5 G

A "WOW" product for cleaning and maintaining kitchen floors and grout lines. Removes built-up grease and grime. Reduces slipperiness of floors. Cuts labor time needed to deep clean your floors. Fresh grape scent.

## **Purple Beast**

**108583**

4/1 G

An outstanding kitchen degreaser and general purpose cleaner. Removes grease and soils from walls, floors and non-aluminum surfaces.

## **Ethan's Power Floor Cleaner**

**10839**

1/5 G

A concentrated, low-foaming, power cleaner that removes skid marks from sealed, concrete floors. An excellent, heavy-duty general purpose cleaner.

## **HD Floor Cleaner / Chlorinated**

**108633**

1/40 LB

A Chlorinated, powder, heavy-duty cleaner removes kitchen soils and grease from floor.

## **Concrete Cleaner Plus**

**108655**

1/40 LB

A concentrated, heavy-duty powder that removes grease and dirt from concrete.

## **Enzyme Floor Cleaner**

**108341**

4/1 G

An economical, concentrated floor cleaner for use in kitchens, deli's meat preparation areas and on problem slippery floors.

## **Renew – Acidic Floor Cleaner**

**108692**

4/1 G

Acidic floor cleaner that removes mineral deposits and soils without harming surfaces.

## **E.S.P. Concentrated-Enzyme Fortified Carpet Cleaner / Spotter**

**108693**

4/1 G

Concentrated Carpet Cleaner is fortified with enzymes to counteract foul odors in carpet. Designed with three carpet cleaning tasks in mind: Extraction, Spotting, and Prespray.

## **Neutral Cleaner**

**108691**

4/1 G

A Neutral pH, no rinse cleaner for floors and general cleaning.

# Aerosols

## Stainless Steel Cleaner (Water Based)

10827

6/20 OZ

Water-based formula is ideal for cleaning and polishing stainless steel on salad bars, counter tops, kitchen equipment, dishwashers, and coolers.

## Glass Cleaner

108271

6/19 OZ

For cleaning and polishing glass, mirrors and other non-porous surfaces. This easy-to-use, fast-acting product uses a clinging foam to break up soils and hold them – even on vertical surfaces.

## Grill & Oven Cleaner

108273

6/18 OZ

A heavy-duty formulation that works on grease, baked-on foods and other cooking soils. For daytime application or overnight cleaning. This formula penetrates, emulsifies and holds the soils so you can wipe the surface clean with water. The thick foam clings to vertical surfaces - no running, no dripping.

# Specialty Cleaning in Place (CIP) Cleaners

## **Foaming Chlorinated Cleaner**

1085466

4/1 G

Removes heavy grease and oils. Safe for use on meat processing equipment.

## **Carbon Remover / Smoker Cleaner**

108548

4/1 G

Removes heavy, baked on grease, oils, pitch build-up and carbonized soils.

## **Block Scrub & Whitener**

108574

4/1 G

Removes tough blood, grease and fat stains from food processing and cutting surfaces.

## Clean. Soft. Fresh.

This is what your customers will remember. Our professional laundry systems are designed to suit any commercial or industrial need — high performance products that will make a positive impression on your customers, *and* your bottom line.

# Breaks & Detergents - Liquids

## Hallmark / Liquid Break

10824

1/2.5 G, 1/5 G, 1/15 G, 1/30 G, 1/55 G

A soil-busting alkaline detergent which breaks tough, heavy soil away from fabric.

## Laundry Suds

10823

4/1 G, 1/5 G, 1/15 G, 1/30 G, 1/55 G

This detergent can be used alone in top loaders or coupled with a builder when used in programmable wheels. Considered a workhorse, Laundry Suds is a great choice for everyday use.

## Laundry / Concentrated Heavy Duty Detergent

108445

1/2.5 G, 1/5 G, 1/15 G, 1/30 G, 1/55 G

A liquid, concentrated blend of stain removers and surfactants formulated to cleanse heavy linen soils.

## Hypoallergenic Suds

108231

1/5 G, 1/15 G, 1/30 G, 1/55 G

The effectiveness of Laundry Suds with no added fragrance, dye or phosphates.

## Nova Concentrated Laundry Emulsion Detergent

108450

1/5 G, 1/15 G, 1/30 G, 1/55 G

A concentrated, emulsion detergent whose combination of alkaline builders and surfactants releases and removes heavy soils from soiled laundry. Optical brighteners leave your linen the whitest it can be.

## O2 Laundry Suds

108232

4/1 G, 1/5 G

Low sudsing formula with a heavy dose of color-safe bleach. Designed for use in top loading and commercial HIGH EFFICIENCY washers that use less water and energy.

## Laundry / Heavy Duty Built Detergent

108451

1/5 G, 1/15 G, 1/30 G, 1/55 G

A concentrated liquid detergent combined with break which releases and removes heavy soils.

## Hypoallergenic Suds with Color-Fast Bleach

108233

4/1 G, 1/5 G, 1/15 G, 1/30 G, 1/55 G

The power of color-fast bleach is included for enhanced performance. Safe for use in home style and commercial washers

### **Synergy-Xtra / Laundry Detergent**

**10833**

1/5 G, 1/15 G, 1/30 G, 1/55 G

A premium detergent that combines a builder with surfactants and solvents. An outstanding choice for cleaning heavily soiled items.

### **Autograph / Ultra Suds Concentrated Laundry Detergent**

**10825**

1/2.5 G, 4/1 G, 1/5 G, 1/15 G, 1/30 G, 1/55 G

Unsurpassed, 100% active laundry suds. Our top laundry detergent. Allows operators the lowest use / cost option while offering effective cleaning power.

## **Breaks & Detergents - Powders**

### **Surfs Up / Powder Laundry Detergent**

**108621**

1/50 LB

A cost-effective detergent that is designed for light duty soils. Safe for use on all personals, terry & tablecloths. A great option for schools, health clubs, assisted living facilities and restaurants.

### **Powder Laundry Break**

**10829**

1/50 LB

Laundry Break can be used alone to eliminate heavy, greasy, soils or coupled with a detergent of your choice to boost its cleansing power. Designed for institutional laundries only.

### **Seven Seas / Powder Laundry Detergent**

**108641**

1/50 LB

A mild foaming powder detergent with a fresh citrus scent. This detergent offers excellent results on light duty soils. Designed for top loading and commercial washers.

### **Dry Bleach & Laundry Booster**

**10865**

1/50 LB

Our Dry Bleach & Laundry Booster is a low cost option for added brightness and stain removal.

### **Sun Brite / Laundry Detergent**

**108465**

2/10 LB, 1/50 LB

Fragrance and dye free, this low sudsing formula releases heavy soils while preventing redeposition. Can be used in HE washers.

### Premium Detergent

10862

1/25 LB, 1/50 LB

This cost-effective combination of "Suds" and "Break" provides superior laundering of heavily soiled items. Formulated for institutional or top loading machines.

### Enzyme Laundry Presoak & Detergent

108485

1/25 LB, 1/50 LB

A versatile laundry compound that includes added enzymes for stain removal. Safe for use in domestic, top loading machines, this product provides clean, freshly scented laundry.

## Bleaches - Liquids

### Laundry Chlorine Destainer

108859

2.5 Gal., 5 Gal., 15 Gal., 55 Gal.

A concentrated, liquid all-fabric brightener which offers twice as much bleaching action as regular, household bleach. Use in your automatic dispensing system for outstanding results.

### Laundry Oxygen Bleach

10860

2.5 Gal., 5 Gal., 15 Gal., 30 Gal.

Concentrated oxygen bleach that is safe for all white, colorfast and synthetic fabrics. Can be used in all water temperatures to brighten even when high iron content is present.

## Bleaches - Powders

### Powder Laundry Bleach

108631

1/50 LB

An affordable, concentrated dry bleach designed for use in commercial laundry machines. Ideal for use in schools, health clubs, assisted living facilities and restaurants. Offers outstanding results.

### Powder Oxygen Bleach

108591

1/50 LB

A concentrated, color-fast bleach best used primarily on colored fabrics. This odor-free formula works well in all temperatures and offers outstanding results at an affordable price point.

## Sours & Softeners - Liquids

### Laundry Neutralizer

10826

2.5 Gal., 5 Gal., 15 Gal., 55 Gal

This non-foaming combination of laundry sour and rust remover prevents rust stains, yellow spots and graying. Prevents skin irritations by neutralizing detergent alkalinity. For use in automatic dispensing systems.

### Laundry Sour Plus Neutralizer

108526

5 Gal.

Formulated specifically for polyester fabrics, Sour Plus maintains the absorbency of soakers and pads while neutralizing detergent alkalinity. For use in automatic dispensing systems.

### Laundry Rust-Removing Sour

10854

5 Gal.

A combination rust-remover and laundry sour, this product eliminates iron stains on fabric by neutralizing the laundry's pH.

### Laundry Softener

10828

4/1 Gal., 5 Gal., 15 Gal.

This economical liquid fabric softener is safe for all types of laundry. Provides soft, supple, fresh smelling linens while eliminating static electricity and maintaining the rewet properties of fabrics.

### Laundry Soft & Sour

10853

2.5 Gal., 5 Gal., 15 Gal.

A perfect combination of softener and sours. An economical formulation, this product softens and neutralizes laundry in one step. The result is clean, soft, fresh smelling laundry with extended fabric life.

# Emulsifiers, Prespotters & Presoaks

## Liquid Laundry Presoak Emulsifier

108456

2/1 Gal., 5 Gal., 15 Gal.

A versatile formula that removes stains caused by makeup, grease and oils. Can be used as a prespotter, presoak or alone as a detergent.

## Stain Zapper

108606

6/1 Qt

This enzyme formulation effectively removes most organic grease, grime and oil stains. Maximizes useful fabric life which reduces purchase of replacement linen.

## Laundry Prespotter

108605

6/QT

Use before washing to pre-treat stained laundry. Rapid penetration of stains. Maximizes fabric life by dissolving and removing the toughest of stains.

## Blood Remover

108608

6/1 Qt

Specifically designed to pre-treat blood stained fabrics prior to washing. Quickly penetrates tough to remove blood stains.

# Sanitizer - Liquid

## Quaternary Sanitizer (E.P.A. Reg.)

108554

2/1 Gal., 4/1 Gal., 1/30 Gal.

This E.P.A. registered product kills HIV-1 on laundry in commercial, industrial and institutional applications. See label for all kill claims.

## Laundry Softener Sanitizer (E.P.A. Reg.)

108474

2.5 Gal., 5 Gal., 15 Gal.

E.P.A. registered, residual bacteriostatic and self-sanitizer that reduces the number of odor causing bacteria from wet contamination.

## Starch - Liquid

### Laundry Liquid Starch

1085595

2 1/2 Gal., 5 Gal.

A concentrated, broad spectrum sizing adds body to fabric without product buildup. Protects cotton fibers, extends linen life and is suitable for a broad range of cotton and polyester blends.

## Reclaim Powder & Liquid

### Rust-a-way

108622

2/6 Lb.

An aggressive laundry powder formulated to reclaim linen stained with iron and rust deposits.

### Reclaim + Bleach

108623

10 LB

An economical, concentrated alkali detergent with heavy bleach boosters. Ideal for removing stains and brightening laundry. Not for use on colors.

## Anti-Chlor Liquid

### Liquid Anti-Chlor

108281

4/1 Gal., 5 Gal.

Non-chlorinated and caustic soda based, this liquid detergent dissolves quickly, brightens fabric and removes set in bleach staining. Designed for use in both low and high temperatures.

## Concentrated Dilution Control System

Learn more about our ChemWorx: [www.chemnet-systems.com](http://www.chemnet-systems.com)

### **CitraWorx**

*Concentrated Citrus  
All Purpose Cleaner*

108466 W

4/2 L case

A concentrated product for cleaning, maintenance, and degreasing of all washable surfaces. Safe and non-toxic product that can also be used as a laundry prespotter. Fresh citrus scent.

### **OxyWorx**

*Concentrated All Purpose  
Hydrogen Peroxide Cleaner*

108602 W

4/2 L case

A highly concentrated Hydrogen Peroxide Cleaner that is highly effective against all types of soils. Use as a hard surface cleaner or even a carpet and laundry prespotter.

### **NeutraWorx**

*Concentrated Neutral Cleaner*

108691 W

4/2 L case

Neutral formula is safe on most surfaces. Concentrated no-rinse formula saves time. Use manually or with a mechanical floor scrubber.

### **GlassWorx**

*Concentrated Glass Cleaner*

108561 W

4/2 L case

Solvent based formula eradicates smoke build-up and greasy soils. Non-streak formula lets you clean faster, with sparkling results.

### **TNTWorx**

*Concentrated Tub & Tile Cleaner*

10831 W

4/2 L case

Mild, acid based formula is safe for bathrooms. Excellent for removing soap build-up and lime deposits.

### **pH-Worx**

*Neutral Cleaner*

10869 W

4/2 L case

An economical neutral cleaner that is safe on all surfaces. Can also be use with mechanical floor equipment.

### **AirWorx**

*Concentrated "Fresh Scent"  
Odor Remover*

108547 W

4/2 L case

Spray diluted product directly on the area with offensive odors. The Fresh Scent along with odor counteractants will remove even the most obnoxious odor. Fabric safe.

### **ZymeWorx**

*Bioenzymatic Floor Cleaner*

10834 W 4/2 L case

Cleans kitchen floor and grout, and reduces slipperiness. Floors get cleaner with every use.

## Lemon Disinfectant

108695 W

4/2 L case

A phosphate-free formulation designed to provide effective cleaning, deodorizing, disinfection where controlling cross-contamination from treated surfaces is especially important.

## Complete

*Ready to Use Neutral Disinfectant*

108698 L

6/1 QT case

A Neutral disinfectant that can be used on floors, walls, shower stalls, bathtubs and toilets. It is designed for one step cleaning and disinfecting.

## 256Worx

*Concentrated Hospital Disinfectant*

108697 W

4/2 L case

Hospital-grade neutral disinfectant that cleans and disinfects floors, walls, sinks, toilets, countertops and all equipment. Economical 1/2 oz. per gallon dilution.

## FAD

*Foaming Acid Disinfectant*

108700 L

6/1 QT case

An acid based disinfectant with foaming power to cling to vertical surfaces and remove soils and soap scum. Comes with a trigger sprayer in each case.

## Quat Sanitizer

*Concentrated Quat Sanitizer*

108554 W

4/2 L case

Disinfects and deodorizes hard surfaces, and is a no-rinse sanitizer for food service utensils, pots, pans, counters and all kitchen equipment.

# Dispensing Systems

## SafeLink One™

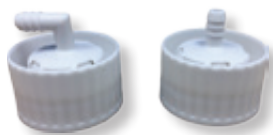

Item #419638

Choose the labor-saving efficiency of portable dispensing and application with the SafeLink One™. Can be used as a bucket fill or attach a spray and foam applicator for direct application.

Item #419610

Our 4 product, eight dilution dispenser has a focus on design and simplicity. One handed bottle fill activation and push-button activation for mop bucket filling. Now that's dilution control.

# ChemWorx Accessories

## Replacement Caps

Stock a few replacement caps for field repair or use to convert your existing dispenser system to the ChemWorx closed loop system. Available in a straight or 90 barb fitting.

Item #419028 - Straight fitting Item

Item #419604 - 90° fitting

## Racking

Rack system is designed to convert or use existing dispensing systems to hold the 2L bottles for the ChemWorx line of products. All racks come with attached spray bottle hangers.

Non locking racks are available in 2, 3 or 4 products sizes.

Bar locking racks are available in 3 or 6 product sizes.

Item #419612 - 2 product non-locking

Item #419613 - 3 product non-locking

Item #419614 - 4 product non-locking

Item #419615 - 3 product bar locking

Item #419616 - 6 product bar locking

## Diluted Product Labels

Diluted **CitraWorx** label  
Item #108466 W

Diluted **GlassWorx** label  
Item #108561 W

Diluted **NeutraWorx** label  
Item #108691 W

Diluted **OxyWorx** label  
Item #108602 W

Diluted **TNTWorx** label  
Item #10831 W

Diluted **AirWorx** label  
Item #108547 W

Item #108697 W

Diluted  
**Lemon Scented Disinfectant** label  
Item #108695 W

Diluted **Quat Sanitizer** label  
Item #108554 W

Diluted **pH-Worx** label  
Item #10869 W

Diluted **ZymeWorx** label  
Item #10834 W

Diluted labels to keep you in compliance are available for all ChemWorx products.

## Test Strips

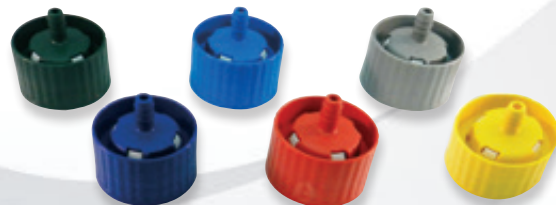

Item #419021  
Quat Test Strips

Be sure you have plenty of test strips on hand. Quat test strips for 256Worx, and Quat Sanitizer.

Super Concentrated Laundry,  
Warewash and Kitchen Products with  
Color Coded SafeLink Cap System.

**TOTAL WORX**

Learn more about our TotalWorx: [www.chemnet-systems.com](http://www.chemnet-systems.com)

## TOTAL BUILT DETERGENT

108445 TW

2/1G per case.

A heavy duty built detergent for all soil types. Emulsifies grease, suspends heavy soils and rinses clean to prevent redeposition. Use ½ oz. to 1 oz. per 50# of linen. Uses RED SafeLink Cap.

## TOTAL BREAK

10824 TW

2/1G per case.

Concentrated break to loosen up even the toughest soils and help condition hard water. Use ½ oz. to 1 oz. per 50# of linen. Uses GREY SafeLink Cap.

## TOTAL DESTAINER

10859 TW

2/1G per case.

2/1G per case.  
12.5% destainer to whiten fabrics to a rich, bright white. Do not use on colors. Use ¾ oz. to 1 ½ oz. per 50# of linen. Uses YELLOW SafeLink Cap.

## TOTAL SOUR

108266 TW

2/1G per case.

Extremely concentrated sour to use in final rinse bath, prevents greying and yellowing of fabrics. Use ½ oz. to ¾ oz. per 50# of linen. Uses GREEN SafeLink Cap.

## TOTAL SOFT

108283 TW

2/1G per case.

Concentrated softener with an amazing smell to leave linen with that soft, fresh feeling. Eliminates static electricity. Use ½ oz. to ¾ oz. per 50# of linen. Uses LIGHT BLUE SafeLink Cap.

## TOTAL SOFT/SOUR

10853 TW

2/1G per case.

Concentrated soft/sour for use in a 3 or 4 product system. Same great softener smell but enough acid to drop pH. Saves time and money by softening and neutralizing in one step. Use ½ oz. to ¾ oz. per 50# of linen. Uses GREEN SafeLink Cap.

## TOTAL SUDS

10823 TW

2/1G per case.

he suds to use in top loaders or in large commercial wheel for all soil types. Uses less water and energy to clean. Phosphate free. Use  $\frac{3}{4}$  oz. to 1  $\frac{1}{4}$  oz. per 50# of linen. Uses DARK BLUE SafeLinkCap.

## TOTAL HYPO SUDS

108233 TW
