

IODOPHOR SANITIZER

Cleaner / Sanitizer

PRODUCT USES

This is a low foaming, cleaner/sanitizer approved by the EPA, for use on glasses, dishes, equipment, walls, floors, countertops, and storage areas.

OPERATOR BENEFITS

- Low foaming cleaner / sanitizer.
- Leaves NO streaks or spots on glasses or dishes.
- Ideal for sanitizing bar glasses.

DIRECTIONS FOR USE

Five Step Sanitizing Procedure:

1. Pre-flush and pre-scrape equipment and utensils.
2. Wash equipment and utensils in lukewarm water that contains an adequate amount of good detergent or cleaner.
3. Rinse equipment and utensils free of wash water prior to sanitization.
4. Immerse equipment and utensils in a solution of 1 oz. TMA IODOPHOR SANITIZER per 5 gallons of lukewarm water (provides 25 ppm titratable iodine). Allow one minute contact time (or longer if required by local sanitation codes). Change water, as needed, to maintain a minimum of 25 ppm iodine, replacing at least once daily. Use an approved test kit to check concentration.
5. After sanitizing for one minute or more, allow equipment and utensils to air dry. Do NOT rinse.

TMA Iodophor Sanitizer is regulated by the U.S. Food and Drug Administration under the Food Additive regulation for use on food processing equipment and utensils up to 25 ppm of titratable iodine, without requiring a rinse with potable water.

PRODUCT SPECS

Pack size: 4/1 Gal

Characteristics: Non-viscous liquid

Rinsability: Excellent

Flammability: NA

Biodegradable: Yes

Color: Brownish red

Odor: Characteristic, iodine

Foam: None

pH in conc. form: 3.0 - 3.5

Phosphorous content: Trace

IMPORTANT OPERATOR INFORMATION

SDS:

Refer to the Safety Data Sheet (SDS) supplied by your distributor for information on emergency response, safe usage, hazards, first aid and proper product handling.

Emergency Response Phone:
