Section 4: First Aid Measures

Eye: Remove source of exposure or move person to fresh air. Rinse eyes cautiously with lukewarm, gently flowing water for several minutes, while holding the eyelids open. Remove contact lenses, if present and easy to do. Continue rinsing for a duration of 15-20 minutes. Take care not to rinse contaminated water into an unaffected eye or onto face. If irritation persists, get medical attention.

Skin: Immediately remove all contaminated clothing, shoes, and leather goods (e.g. watchbands or belts). Gently blot or brush away excess product. Wash with plenty of lukewarm, gently flowing water for a duration of 15-20 minutes. Call a POISON CENTER/doctor if you feel unwell. Store contaminated clothing under water and wash before reuse or discard.

Inhalation: Remove source of exposure or move person to fresh air and keep comfortable for breathing. If exposed/feel unwell/concerned: call a POISON CENTER or doctor. Eliminate all ignition sources if safe to do so.

Ingestion: Rinse mouth, do not induce vomiting. Immediately call a POISON CENTER/doctor. If vomiting occurs naturally, lie on side in recovery position. Never give anything by mouth to an unconscious or convulsing person. Keep person warm and quiet.

Section 5: Fire Fighting Measures

Flash Point: Not determined

Fire Fighting Methods: Use methods suitable for surrounding fire.

Auto ignition Temperature: Not Determined

Flammability Limits: N/A Unusual Fire Hazards: Aerosol cans can rupture when heated.
 Extinguishing Media: water, fog, dry chemical, or carbon dioxide.

Section 6: Accidental Release Measures

Containment and Clean up: Combustible material. Observe all personal protective equipment noted in sections 5 and 8. Eliminate all ignition sources. Avoid breathing vapor. Prevent spilled material from entering sewers, storm drains, other unauthorized drainage systems and natural waterways by using sand, earth, or other appropriate barriers.

Section 7: Handling and Storage

Keep containers tightly closed in an upright position in a cool, dry, well-ventilated area. Ensure container lids are in place and secure when not in use. Empty containers may contain residue and may be dangerous.
