 Acute Dermal Toxicity = 4 - Harmful in contact with skin
 Skin Corrosion/Irritation = 2 - Causes skin irritation
 Eye Damage/Irritation = 2A - Causes serious eye irritation

Precautionary Statement:

Prevention = Avoid breathing vapor. Do not get in eyes, on skin, or on clothing. Do not ingest. Wash any contacted parts of the body after handling with soap and water thoroughly. Wear protective gloves, clothing, eye protection, face protection. Do not eat, drink, or smoke while handling this material. Use with adequate ventilation.

Response = If swallowed, rinse mouth, do not induce vomiting. Immediately call a poison center or doctor. If on skin, take off contaminated clothing and rinse skin with water. If inhaled, remove person to fresh air and keep comfortable for breathing. If in eyes, rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Storage = Store containers in an upright position. Ensure container lids are in place and secure when not in use.

Disposal = Review all federal, state and local laws regarding disposal of this product.

Prolonged/Repeated Exposure Effects:

Eye: Similar to effects from acute exposure

Skin: Similar to effects from acute exposure except for expected damage to secondary tissue

Inhalation: Similar to acute exposure

Ingestion: Similar to acute exposure

The above listed potential effects are compiled based on a review of all component SDS
