

# Grill & Oven CLEANER

## PRODUCT USES

Ideal for cleaning ovens, barbecue grills, stoves, overhead hoods, flues, fryers, exhaust fans, porcelain, ceramic, and stainless steel. Formulated to clean stubborn, baked-on grease, grime, carbon build-up, soot and spills.

## OPERATOR BENEFITS

- Fast, clean, and effective application for daytime or overnight cleaning.
- Simply spray on warm or cold ovens and wipe clean.
- Leaves surfaces sparkling clean without scouring or harsh fumes.

## DIRECTIONS FOR USE

**ATTENTION: Read and follow all Directions and Precautions before using.**

Use **ONLY** on porcelain enamel, iron, stainless steel, and non-decorative interior chrome-plated surfaces. **DO NOT** get cleaner on materials such as aluminum, chrome trim, glass, baked enamel, painted surfaces, floor or wall tile, linoleum, or plastic. **DO NOT** get cleaner on or in electrical components such as switches, receptacles, bulbs, wires, connectors, heating elements of electric ovens, or the pilot lights, valves and lines of gas oven. Wear long-sleeves, gloves, and protective eyewear.

**Daytime cleaning:** For best cleaning action, pre-heat surfaces to about 200°F. Turn off electrical switches and pilot lights before using product. Cover nearby floor and other surfaces with thick newspaper or polyethylene plastic. Remove racks and removable oven doors and clean oven-side surface separately. Hold can upright and SHAKE WELL, then remove protective cap. Aim spray opening only toward surface to be cleaned. From about 10", spray all surfaces to be cleaned with a thin, even coating of foam. Allow to penetrate and soften the food residue - 10 to 20 minutes on cool surfaces, or 5 to 10 minutes on warm surfaces. Wipe off residue with wet cloth, sponge, or paper towel. For heavily contaminated surfaces, treat a second time. When cleaning is completed, put all equipment back in operating condition and heat surfaces to about 250°F for 5 minutes before putting any food on them.

**Overnight cleaning:** Follow the same directions as for daytime cleaning, but do not preheat surfaces. Allow foam to work while you sleep. Clean off the softened residue the next day. Rinse food processing equipment and food contact surfaces thoroughly with potable water.

## PRODUCT SPECS

**Pack size:** 12/18 oz. Aerosol  
**Characteristics:** n/a  
**Rinsability:** n/a  
**Flammability:** Will not burn

**Color:** n/a  
**Odor:** n/a  
**Foam:** Light  
**pH in conc. form:** 13.5

## IMPORTANT OPERATOR INFORMATION

### SDS:

Refer to the Safety Data Sheet (SDS) supplied by your distributor for information on emergency response, safe usage, hazards, first aid and proper product handling.

**Emergency Response Phone:** 1-800-424-9300

### Statement of Practical Treatment:

Call a POISON CENTER or doctor/physician if you feel unwell. **IF ON SKIN:** Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash it before reuse. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician. **IF EXPOSED OR CONCERNED:** Get medical advice/attention. Store in a corrosive resistant container with a resistant inner liner. Store locked up. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F. Dispose of contents and container in accordance with all local, regional, national and international regulations.

### Product Precautions:

If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read label before use. Keep only in original packaging. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Wash thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. Do not pierce or burn, even after use. Do not handle until all safety precautions have been read and understood. Absorb spillage to prevent material damage.
