

LEMON DISINFECTANT 256

PRODUCT USES

A phosphate-free, pH neutral formulation designed to provide effective cleaning, deodorizing and disinfection for non-porous surfaces. **COVID-19 is caused by SARS-CoV-2. Lemon Disinfectant 256 kills similar viruses and therefore can be used against SARS-CoV-2 when used in accordance with the directions for use against Poliovirus Type 1 on hard, non-porous surfaces. Refer to the CDC website at <https://www.cdc.gov/coronavirus/2019-nCoV/index.html> for additional information. Lemon Disinfectant 256 can be used against the 2019 Novel Coronavirus (COVID-19) when used in accordance with directions for use against Virucidal Activity on hard, non-porous surfaces. Solution should be 0.5 oz/gallon of water for 5 minutes of contact time prior to rinsing.**

OPERATOR BENEFITS

- Excellent disinfectant, detergent and virucide
- ½ oz. per gallon of water
- Economical formula
