High Solids Water Rinse Additive

PRODUCT USES

A premium, acid rinse specifically formulated to prevent spots or film when high, total dissolved solids (T.D.S.) are present in the water. This rinse aid is designed for both high and low temperature dishmachines.

OPERATOR BENEFITS

- Performs well in difficult high T.D.S. water conditions.
- Fast sheeting prevents tableware spotting or filming.
- Formulated for economical rack-costs.

DIRECTIONS FOR USE

1.Carefully open the container to prevent spilling or splashing.
2. Insert the rinse aid pickup tube into the container opening.
3. The rinse aid is then dispensed automatically into the dishmachine.
4. Replace with new container when empty.

PRODUCT SPECS

Pack size: 4/1 Gal., 5 Gal.
Characteristics: Non-viscous liquid
Rinsability: Excellent
Flammability: NA
Biodegradable: Yes
Color: Clear blue
Odor: Characteristic
Foam: Very low
pH in conc. form: Slightly acidic
Phosphorous content: 0.0%

IMPORTANT OPERATOR INFORMATION

SDS: Refer to the Safety Data Sheet (SDS) supplied by your distributor for information on emergency response, safe usage, hazards, first aid and proper product handling.

Emergency Response Phone: 1-800-424-9300
