ALL TEMP

Mechanical Dish Detergent

PRODUCT USES

A heavy duty, chlorinated mechanical dishmachine detergent formulated for recirculating high temperature and low temperature dishmachines.

OPERATOR BENEFITS

- Removes stubborn food soils in soft to medium-hard water.
- Excellent results at an economical rack cost.
- Removes food soils and destains both china and plastic tableware.
- Rinses easily without filming.

DIRECTIONS FOR USE

For use in automated dispensing systems.
1. Carefully open the container to prevent spilling or splashing.
2. Insert the detergent pickup tube into the container opening.
3. The detergent is then dispensed automatically into the dishmachine.
4. Replace with new container when empty.

Not for manual use.
Do not use on aluminum.
